**Oregon Progressive Party
Position on Bill at 2017
Session of Oregon Legislature:**

SB 665: Support

Dear Committee:

The Oregon Progressive Party supports this bill, which requires the name of member or committee of Legislative Assembly requesting a set of proposed amendments to legislative measure to be identified on proposed amendments.

I have seen instances of amendments being submitted anonymously. This practice reduces accountability.

Just as the sources of campaign contributions need to be identified, so do the sources of amendments introduced at the Oregon Legislature.

The House has already passed HB 2577A, which requires lobbyist statements to identify each bill or measure lobbied on. If lobbyists need to state their connection to every bill, so should those who cause bills, and/or their amendments, to be introduced.
